## WOMAN SAYS CATARRH CAN BE BANISHED

Uses Her Case as an Example For other Sufferers and has Confidence in Remedy

The mission of Tanlac is daily becoming more and more established in the homes of Lexington, men and women who have been burdened with ailments that have caused great suffering and loss of the pleasures of this life, daily are coming forth and telling of the great benefits they have secured from the Master Medicine. Some had suffered for years with stomach trouble, some with liver and kidney trouble and many others from the most dreaded diseases of all, catarrh. In every instance they praise Tanlac for relieving these ailments. The latest to lay claim to the curative powers of Tanlac is Mrs. Lucy Roder, who lives on R. F. D. No. 35, Wichita, Kansas. She says:

"I was troubled with a bad case of catarrh night and day all my life, which has been gradually growing worse during the past few months. I had a dropping of mucus from my head to my throat all the time, which became worse when I took the least cold. I tried medicine after medicine but none seemed to help me at all.

A few weeks ago I started taking Tanlac and I have improved daily since. The dropping of mucus has about left me entirely and I feel stronger in every way. I have confidence enough in Tanlac that I believe it will relieve me completely of my trouble, and today I am sending Mr. Roder to Wichita to get me another bottle."

The greatest proof that can be offered to the public on any article, be it medicine or a household commodity is that which comes from those who have tried the product and testify to its coming up to what it was recommended to be. The proof of what Tanlac has done and is still doing in this vicinity is being presented daily to the readers of this paper.

Tanlac can be obtained in Lexington at Crenshaw & Young's Drug Store for \$1.00 a bottle; three for \$2.75 or six bottles for \$5.00.

E. S. Moorman traveling salesman for the Cudahay Packing Co., was in Lexington Tuesday.

## Uses of Bicarbonate of Soda.

Bicarbonate of soda should always be kept in an easily accessible place in the kitchen. Applied immediately to a burn and moistened it will relieve the pain. A pinch added to any fruits or vegetables will make them more palatable and less sugar will be needed. Use a quarter of a teaspoonful to two quarts of fruit, fresh, or to one pound of evaporated fruit.

Fill new cooking utensils with cold water to which one teaspoonful of soda has been added and boil it. Then wash the utensils with good soap and water, dry, and they are ready for use.

Bicarbonate of soda added to the water in which old vegetables are cooked will make them green and fresh; it will also make tender a tough piece of stewing meat.

It will sweeten milk which is about to turn.

## DIRE DISTRESS

It is Near at Hand to Hundreds of Lexington Readers.

Don't neglect an aching back. Backache is often the kidneys' cry for help.

Neglect hurrying to the kidneys' aid.

Means that urinary troubles may follow.

Or danger of worse kidney trouble.

Here's Higginsville testimony.

Mrs. Nettie Gum, Warren Ave., Higginsville, Mo., says: "I suffered severely from backache and pains through my loins. I couldn't rest well. The kidney secretions were unnatural and gave me great annoyance. My limbs ached and I was miserable in every way. One box of Doan's Kidney Pills promptly removed the backache and did me a world of good. I have been free from kidney complaint since."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mrs. Gum had. Foster-Milburn Co., Props., Buffalo, N. Y.

## BREAK UP BRONCHIAL COUGHS, CROUP AND COLDS PROMPTLY

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents.

Don't neglect your first cold, cough or any Bronchial affection, this fall, but commence treatment immediately, and through using the proper medicine it can be checked from the very start and promptly cured, but if neglected probably will hang on all winter; if it does not develop into something more serious, such as Pneumonia or Consumption. True there are hundreds, yes thousands of cough remedies on the market. While some are good, there are many which are not, but are positively harmful, due to the narcotics which they contain. But why experiment with these different remedies purely on the strength perhaps of some testimonials or on the exaggerated claims of the manufacturers, when Schiffman's New Concentrated Expectorant is sold by Crenshaw and Young, on such a positive guarantee to give perfect satisfaction, yes even more—money will be refunded by them if it is not found

the best remedy ever used in Severe Coughs, Colds, Whooping Cough or Croup, and it will also be found excellent for Bronchial Asthma and Bronchitis. Besides these druggists guaranteeing "that it will be the best remedy ever used," it will likewise be found the most economical, because one bottle (50 cents worth) makes a full pint (128 teaspoonful) of the most excellent medicine for any of the above affections, when mixed at home with one pint of granulated sugar and one-half pint of water. It makes as much, or more, than would cost you \$2.00 to \$3.00 of almost any of the ordinary ready-made kinds, sold in bottles holding only 24 to 32 teaspoonful. You will be the sole judge yourself and under the same positively "Money Back" guarantee which the druggists make for the famous Asthmador. Absolutely no risk is run in buying this remedy.
